Two new ranges are released annually. Winter & Summer items are available all year round.

PAYMENTS

Pay Pal or International Transfers are accepted, payable before consignments are shipped.
Delivery time is 2 - 3 weeks from date of order.

SHIPPING METHOD

Boxes are weighed to obtain an airfreight quote - we simply charge what we are charged. Once payment has reflected in our account we will release goods to clear through customs that include all required documents for customs in your country. EUR 1 and Form A is included for favourable duties.

SHIPPING COST

The rule of thumb is the smaller the order, the higher the rate per KG. It works out at ~ 10% of the value of your order, but goes down substantially with larger volumes. As mentioned above we pass on the shipping costs directly but you are welcome to use your own freight forwarder.
